

# Year 8 Home Learning

Subject	Look at what subjects you would have timetabled on that day and try and do the work for that subject. Work for no more than 40 minutes at a time then take a break.
Art	<p>Students have been given access to a folder on Google Drive for their next project 'Everyday Inspiration' which they can work through in their sketchbooks at home. Individual class teachers will direct their own classes with tasks to complete following the lessons in the folder. The project focuses on building technical skills with a range of drawing processes using objects around the home. Materials required, paper and pencil. However, colour pencil, paints, pen and any other art materials are useful but not essential.</p> <p>Contact: apamment@batleygirls.co.uk</p>
Computer Science	<p>Sequences &amp; Flowcharts and Introduction to Programming tasks will be shared with students via google classroom. Hard copies are available of various tasks for students with no ICT access.</p> <p>contacts: kseedat@batleygirls.co.uk      takhtar@batleygirls.co.uk</p>
DT	<p>Students are able to access a folder called "DT Y7 and Y8" on Google Drive. They can find this under the 'Shared With Me' tab, and have also been sent an email containing a link to the folder. The folder will contain a wide range of potential activities and tasks that students should feel free to choose from. These will be added to on an ongoing basis. Students should aim to complete one task per week. They have been asked to have a go at 'Design and Make a Bookmark' and / or 'Design and Make Your Own Beads'.</p> <p>Students should photograph their tasks and outcomes and email them to Miss Saxelby for feedback (hsaxelby@batleygirls.co.uk).</p> <p>PLEASE NOTE - Dependent on individual circumstances, students may require supervision from an adult whilst cooking and preparing food. A range of tasks will be sent home for those that have requested it.</p> <p>Contact: hsaxelby@batleygirls.co.uk / Useful website: www.bbc.co.uk/bitesize/subjects/zfr9wmn</p>
English	<p>projects can also be completed on Google Classroom so that each task is clear and images can be included alongside the writing. Teachers are available to help on Google Classroom or via email so that if any student doesn't know what to do, they can ask. The projects will change every two weeks and will have a range of creative, reading, research and writing tasks. (2) Students should also be reading or listening to books and then completing quizzes on them in Accelerated Reader. Mrs Roberts sends an email every Wednesday with interesting competitions or extra challenges for students to complete if they wish. A book review competition was launched on 17th June - students can enter to be in with a chance of winning an Amazon Kindle or an Amazon voucher. Competition entries need to be in by Friday 3rd July and students can check their email from KRoberts to see what they need to do.</p> <p>contact: kroberts@batleygirls.co.uk</p>
Geography	<p>Students should have now completed their weekly natural hazards projects and are beginning a new activity this half term. All students have been added to Google Classroom and should accept the invite from their class teachers. Once accepted, work will be sent on a weekly basis. The tasks will focus on the issues of sustainability and the important of conservation in Geography. The first few lessons will allow students to understand some of the key issues facing the planet, including plastic and air pollution, ocean health and the methods in place to attempt to reduce / prevent damage to the natural world. Students should complete the activities on a word document and re-attach to Google classroom once completed to be marked. The topic will culminate with students using their new knowledge of sustainability to design and potentially create a sustainable school environment.</p> <p>Useful Websites: <a href="https://www.un.org/sustainabledevelopment/sustainable-development-goals/">https://www.un.org/sustainabledevelopment/sustainable-development-goals/</a> Staff Contact: adresser@batleygirls.co.uk (Geography Lead) mscurr@batleygirls.co.uk</p>
History	<p>Students have been given access to the google drive with the project, websites and relevant research material and also paper copies have been made available if needed. Students should now be completing their project on the ussian Revolution. They will then begin a project looking at what life was like living in Nazi Germany. There will be weekly tasks and quizzes to complete that will be set on google classroom. It is really important that students pay attention to the websites given to them by their teachers if they wish to do any research. This project will take the next 6 weeks and will examine all aspects of life during that time.</p>

<b>Mathematics</b>	<p>You will be set at least 2 tasks a day on HegartyMaths, or equivalent, for each day you have a Maths lesson.  You will receive this before 10am each morning (please email me or Mrs Soor if you don't receive your tasks). You can send your teacher comments about your work if you need help but please make sure that you have watched the video beforehand. All work must be recorded in your orange Hegarty exercise book or a notebook if you haven't got yours at home.</p> <p>Your tasks set will be on topics you have studied since September. You will be sent an end of year quiz, via Google forms, for you to complete in the week beginning Monday 29th June.  Every Monday you will also be sent a Maths Literacy quiz to complete via Google forms.</p>
	<p>Main websites:Hegartymaths.com : memri and fix up 5 , Mymaths.co.uk, vle.Mathswatch.co.uk,  Teachers:kainley@batleygirls.co.uk, annbrown@batleygirls.co.uk, mbrown@batleygirls.co.uk,  afertug@batleygirls.co.uk, aflack@batleygirls.co.uk, ngoel@batleygirls.co.uk,  jholgate@batleygirls.co.uk, clawrie@batleygirls.co.uk, smilnes@batleygirls.co.uk,  msoor@batleygirls.co.uk, htaylor@batleygirls.co.uk, kwoodhouse@batleygirls.co.uk,</p>
<b>PE</b>	<p><b>All students can keep fit and healthy using the various health and fitness links that are on the school website under PE.</b></p>
	<p><b>jrmsden@batleygirls.co.uk</b></p>
<b>Performing Arts</b>	<p><b>The 'Peter Pan' Project - Part 3:</b> We're now into the second half of the National Theatre's 2017 production of 'Peter Pan' and hopefully Year 7 &amp; 8 are familiar with how to access this online. Students log in at <a href="https://www.dramaonlinelibrary.com/series/national-theatre-collection-iiid-190464">https://www.dramaonlinelibrary.com/series/national-theatre-collection-iiid-190464</a> with Username: <b>4Vd)09w-z)</b> and Password: <b>2Pt#0Kb/e%</b> and find 'Peter Pan (Bristol Old Vic/NT)' in the list of shows (right hand side of the page). Task 3 is simply to <b>watch the third section</b> of this production; this is from the start Act 2/second half (1:16) up to when Peter &amp; Tinkerbell exit with Peter saying... "Let's go and rescue Wendy and The Lost Boys!" (1:49), then <b>complete the third quiz</b> emailed as a Google Form ('Songs, Kidnap &amp; Poison') to all students on 19th June. The previous two quizzes (emailed to all students on 14th May &amp; 5th June) will remain open for any latecomers to this project and the final quiz will be sent out on 3rd July. Students who we're aware have no internet access will be posted the final sections of the original 'Peter Pan' script with tasks attached on Wednesday 24th June.</p>
	<p>Queries to <b>cevans@batleygirls.co.uk</b> and <b>zleaver@batleygirls.co.uk</b></p>

## Science

Students will be set activities for their lessons using google classroom, there are several lessons followed by a progress check to complete. WB 22nd June we continue to look at Skills in Science tasks on google classroom, if you do not have reliable ICT access please let us know so we can send you some paper activities to help develop these skills. We are then using the green CGP revision and study guides to review learning of key ideas ready for Y9, read the sections, make notes/mindmaps/revision flashcards and then try the section summary questions. Section 1 - Cells p8 questions. Section 5 - Classifying materials p82 questions. Section 8 - Energy and Matter p129 questions.
